

Wild Sundays are geared toward families and youth ages 4-14. These free "come and go" events feature hands-on learning/activity stations. The activities generally take 30-40 minutes to complete. Participants may arrive and begin the activity anytime between 2:30pm and 3:30pm. RSVP's are requested, but not required, by contacting cnp@coppelltx.gov or calling 972-304-3581.

BIRDS

Sunday, February 28 • 2:30 - 4:00 PM

Dissect an owl pellet and learn how they are formed, try eating like a bird with different beaks, and learn about owl hearing and seeing.

SPIDERS

Sunday, April 24 • 2:30 - 4:00 PM

Learn how an orb weaver spider spins their web, make a web of your own to take home, learn the basic body parts of a spider, and how baby spiders use ballooning to find a new home.

THE ARTS AND NATURE

Sunday, May 22 • 2:30 - 4:00 PM

Experience the four step process of Nature Explore's "Look, Move, Build, Sketch" art technique. We will have natural artifacts to "look" at, we will use our bodies to create nature such as flowers and trees, we will build nature with tree blocks and other natural materials, and finally we will sketch and paint what we see in nature.
